 SUPERVISORY PATENT EXAMINER

DETAILED ACTION

Allowable Subject Matter

Claims 1, 3 – 21, 23 – 28 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not disclose the use of a hearing device having two shells both adapted to the shape of an individual's ear, wherein one of the shells has a substance to be applied at predetermined intervals. The Applicant has persuasively argued that the "predetermined time interval" is a time interval determined in advance and not merely a prolonged application of a substance. Furthermore, the prior art is silent as to a hearing device having two shells, wherein one shell provides an application while the other shell lacks the substance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
